Hence, in the event of the insolvency or any other analogous proceedings in relation to that financial institution, the Company may only have an unsecured claim against the financial institution on behalf of the Client, and the Client will be exposed to the risk that the money received by the Company from the financial institution is insufficient to satisfy the claims of the Client.

The Company shall have a lien on all the amounts which are deposited in the Accounts and on statements of Financial Instruments of the Client, to the extent that there remain amounts due by the Client to the Company. Before the exercise of the said right, which does not require the Client's consent, the Company shall give the Client notice stating its intention to exercise the lien, as well as the deadline upon the expiry of which the Company shall exercise the said right.

The Company retains a right of set off and may, at its discretion, from time to time and without the Client's authorization, set-off any amounts held on behalf or to the credit of the Client against the Client's obligation to the Company and/or merge any Accounts of the Client with the Company. Unless otherwise agreed in writing by the Company and the Client, this Agreement shall not give rise to rights of credit facilities.

The Client agrees to waive any of his rights to receive any interest earned in the money held in the Bank Account and consents that the Company will benefit from such interest earned to cover registration, general expenses, charges, fees or interest related to the administration and maintenance of the Bank Account.

The Client hereby irrevocably authorizes the Company to:

- (a) Credit the Client's Account for all deposits, realized profits, dividends (in long Positions) and Overnight Financing;
- (b) Debit the Client's Account for all withdrawals, realized losses, dividends (in short positions), Overnight Financing and Fees; and
- (c) Make any other adjustment in the Client's Account as the Company may deem necessary in its sole discretion, acting reasonably and in accordance with the term of this Agreement.
- (d) In case of a negative Balance in any of the Accounts of the Client, the Company can transfer such an amount from any other Account of the Client to that Account to cover the negative Balance.

Deposits

The Company shall allow the Client to fund the Account without minimum deposit threshold. However, in order to open an Account, the Client shall have to deposit a minimum amount per the Company's specifications detailed in the Website. Such sums of minimum deposit may vary from time to time.

The Company shall accept deposits only through the means indicated in the Trading Platform and shall not accept cash deposits.

The Company shall accept only deposit of funds that transferred to the Company, from the Client's bank account or through means of transfer that are linked to a bank account that is in the name of the Client. The Company shall not accept deposit from other third parties which are not the Client. Subject to applicable law and the terms of this Agreement, the Company must be satisfied that the depositing entity is the Client or the Authorized Person before making any amount available to the Account, otherwise the Company reserves the right at its sole discretion to refund or send back the net amount received to the remitter by the same method as received. The Company accepts no responsibility for any funds not deposited directly into Company's Bank Account.

In order to use the Services the Client understands and accepts that first it shall require depositing funds in the Account. In order to secure the identity of the Client, the Company must receive

sufficient information about the transfer from the sending bank to make a certain identification of which Client and which account the funds shall be registered on. Therefore, the Client understands and accepts that the Company shall credit the Account only when all details of the transfer are clarified, and therefore there is no certainty the Account shall be credited immediately upon the Client's transfers order to the relevant bank.

The Client acknowledges that the Company cannot be held liable for how many days it takes from the sending bank, or other financial institution, or third party payment solution providers, to send funds to the Company and the time the Company shall receive the funds.

In the event of a chargeback received with respect to any of the Client's deposits from a credit card issuer or other payment method for any reason, the Company shall have the right to immediately and without any notice freeze the Account, either by prohibiting additional deposits, declining Orders, declining or delaying any withdrawal requests, immediately terminating any or all existing Positions, charging the Client's Balance for the chargeback amount including all related costs, terminating this Agreement and/or any other means it is allowed or required, subject to Applicable Law. The Client agrees that the Company shall not be liable for any loss, damage or expense of any kind which the Client may suffer as a result of such cases.

Withdrawals

The Client authorizes the Company to make any deposits and withdrawals from the Bank Account on its behalf including, without prejudice to the generality of the above, withdrawals for the settlement of all Transactions undertaken under this Agreement and all amounts which are payable by or on behalf of the Client to the Company or any other person.

Unless the Company and the Client otherwise agree in writing, any amount payable by the Company to the Client, shall be paid directly to the Client.

The Client has the right to withdraw the Available Margin (not including Extra Margin and unrealized cashbacks\rebates), free from any obligations (not including fees, if applicable) from its Account without closing the said Account.

Money transfers (withdrawal from Trading Account) shall be initiated by the Company and/or by FIH B.O.S without delay and in accordance with applicable law. Upon receiving a withdrawal request, the amount requested shall be deducted from the Balance. The Company reserves the right at its sole discretion to decline a withdrawal request if the request is not in accordance with Section 9.3.6, or delay the processing of the request if it suspects that the Client is in breach of the Agreement or applicable law.

The Client agrees to pay any incurred bank transfer fees when withdrawing funds from the Account to its designated bank account. The Client is fully responsible for the payments details that it has provided to the Company and the Company accepts no responsibility for the Client's funds if the Client's given details are incorrect. It is also understood that the Company accepts no responsibility for any funds not deposited directly into Company's Bank Account.

Withdrawals of funds deposited can only be made using the same method used by the Client to fund the Account and to the same remitter. Withdrawals of profits may only be transferred to a bank account under the Client's name. The Company reserves the right at its sole discretion to decline a withdrawal with specific payment method and to suggest another payment method where the

Client needs to complete a new withdrawal request. The Company further reserves the right to request further documentation while processing the Clients' or Authorized Persons' withdrawal request. If the Company is not satisfied with any documentation provided by the Client or the Authorized Person, the Company may reverse the withdrawal transaction and deposit the amount back to the Account.

In the event that any amount received in the Bank Account is reversed by the bank with which such Bank Account is held, at any time and for any reason, the Company will immediately reverse the affected deposit from the Account and further reserves the right to reverse any other type of transactions effected after the date of the affected deposit. It is understood by the Client that these actions may result in a negative Balance in all or any of the Accounts.

10. Trading

Price

The prices for any financial instrument are calculated by reference to the price of the relevant underlying asset which is obtained from independent market data providers. Such price may differ from the price provided by such market data providers or from the current price quotes of the relevant exchanges due to the Company's minimum spread requirements, interest adjustments, connection speed or other relevant factors.

The Client hereby agrees that the Company's prices shall be the only relevant prices for the Client's Orders and Transactions.

In order for the Company to quote prices with the swiftness normally associated with the Financial Instruments, the Company may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an Underlying Asset, financial market or exchange or errors in feeds from information providers or quotes received from third parties quotes suppliers ("Invalid Price"). If so and if the Company acted in good faith when providing the Invalid Price to the Client, the Company may at its sole discretion cancel an Order, Position or Transaction placed by the Client but shall do so within reasonable time and shall provide the Client with a full explanation.

The Client acknowledges and agrees that the Company is under no obligation to quote any specific price which is quoted in a specific Financial Market.

Any references by the Client to prices of other trading systems, information systems and/or other clients shall be disregarded. The client acknowledges and agrees that (i) values of minimum spreads will be available on the Trading Conditions on the website, and (ii) changes of spreads will be made at any time and without prior notice, and (iii) that there is no limit to how wide Spreads may be, as the Company has the right, at its sole and absolute discretion, to increase or decrease spreads on Financial Instruments depending on - but with no limitation to - market conditions and/or the Client's profile. The Client acknowledges that events such as - but with no limitation to - changes in the Financial Markets, news announcements, political and economic events or periods of low liquidity may result in wider spreads, and that it is the client's sole responsibility to make themselves aware at all times of the updated spreads.

Type Of Orders

By using the Trading Platform, only the following Orders can be provided in relation to Forex/CFD Transactions:

- (a) Market Order (trade request)
- (b) Limit Order (future orders)

Placing Orders

Only the Client or the Authorized Person are authorized to give instructions and Orders on the Account and may place Orders either via the Trading Platform or via telephone, in the way specified in the paragraph below.

Market Orders can be placed and executed only within the trading hours per each Financial Instrument, as detailed in the Trading Conditions. Limit Orders can be placed, changed or removed outside the trading hours per each Financial Instrument; however, such Limit Orders shall only be executed during the above trading hours. The Company reserves the right, at its sole discretion, at any time to change the operating hours of the Trading Platform on a temporary or permanent basis and the Client agrees that the Company will have no obligation to inform the Client of the reason. Any Order shall be valid and in accordance with the type and time of the given Order, as specified. If the time of validity of the Order is not specified, it shall be valid for a period of one (1) year from placement.

In order to be able to place Orders via the Trading Platform, and to be able to trade in general on the Trading Platform with and through the Company, the Client or the Authorized Person shall have to enter the Trading Platform using the Access Codes through a compatible personal computer, tablet, smartphone, or any other similar device of the Client or Authorized person that is connected to the Internet or other network communications protocol. Client is aware that the functionality of the Trading Platform may vary between the Website platform and the mobile platform.

Each Transaction can be made for a specified number of units of the Underlying Asset and is subject to minimum and maximum units' requirements.

In certain circumstances, the Company may accept to receive Orders, by telephone, provided that the Company is satisfied, in its sole discretion, of the caller's or Client's identity and the Company is further also satisfied with the clarity of instructions. In order that the Company will accept to place an Order by telephone, the Client or Authorized Person shall have to:

- (a) Detail correctly at least 3 the following details: (i) the Client's username; (ii) the Client's land line or mobile telephone numbers; (iii) the last 4 digits of the Client's credit card; (iv) the Client's last deposit sum; and (v) the Client's last Order placed; and
- (b) Detail the essential details of the Order in a clear way. The minimum details required for executing an Order are: (i) The type of Order requested; (ii) the underlying product; (iii) price of the Financial Instrument or CFD; (iv) time of Order; and (v) any other information to be requested per case to case basis from the Company.

The Company has the right to refuse at its sole discretion the execution of an Order on behalf of the Client ordered via telephone if the instructions of the Client are not clear or do not include the minimum requirements as detailed in this Section 10.3. The Company also reserves the right, in its

sole discretion, to confirm in any manner the Orders or instructions sent through the telephone by the Client.

The Company reserves the right, in its sole discretion, to confirm in any manner the instruction or Orders or communications provided by telephone. The Client fully accepts the risk of misinterpretation or mistakes in the instructions or Orders provided by telephone, regardless of how they have been caused, including without limitation technical failures and the Company shall not be liable for any of the aforementioned risks or mistakes.

Orders Execution

Subject to the terms of this Agreement, the Company shall execute, and transmit for execution or execute Orders (provided via the Trading Platform or via telephone) strictly in accordance with the Orders' terms, the Trading Conditions and the Company's Order Execution Policy. By using the Access Code and placing an Order, the Client acknowledges that the Company will be entitled to rely and act on any Order given by the Client without any further enquiry to the Client and any such Orders will be binding upon the Client. The Company shall also have no responsibility to check the accuracy of any Order. Any Order (provided via the Trading Platform or by telephone) constitutes an irrevocable instruction to the Company to proceed with the Order on the Client's behalf.

Each Order given by the Client constitutes an offer to open or close a Position at the price indicated in the Trading Platform which is contingent upon the Company's acceptance, at its sole discretion, of such offer, as indicated in the Trading Platform.

Once a Market Order is placed, it cannot be revoked. A request for cancellation of a Limit Order can be made via the Trading Platform or by calling the Company, where applicable. Requests concerning cancellation of Orders generated when the Margin is exceeded can only be made to the Company. An Order shall not be considered to be cancelled until the Client has received a written confirmation from the Company which may be given at the Company's sole and absolute discretion.

Subject to the following terms, all Transactions shall be opened and closed at the prices quoted on Company's Platform. Each price is valid only at the exact date and the exact time in which such price is presented to the Client. The Client acknowledges that due to events such as rapid price fluctuations and Internet latency, the price presented on the Trading Platform may no longer remain in effect at the time the Client's Order is executed on the Company's servers. It is hereby agreed that Orders shall be executed as follows:

Market Orders (trade requests) are executed at the price that is in effect on the Company's Trading Platform (client side) at the exact time of execution, provided that such price is within a predetermined tolerance level from the underlying price indicated in the Company's server and irrespective if the underlying price is above or below the price indicated in the Trading Platform (What You See Is What You Get, or WYSIWYG). In the event that the price indicated in the trading platform (client side) exceeds the above tolerance level, for example, due to movements in the underlying assets between the time a client placed its order and the time it is received and executed, high markets volatility and communication latency, the Order will be executed at the price indicated in the Company's server which shall be different from the price indicated in the Trading Platform (Market Price), on a symmetrical basis. In the event of a substantial difference between the price indicated in the Trading Platform (client side) and the price indicated in the Company's servers, the Order shall be rejected.

Limit Orders (future orders) are executed at the market price indicated at the Company's server which may be different than the price indicated in the Order ("Slippage"). Slippage may occur in the event where the price indicated in the order is not available in the server, for example, due to high volatility and gaps in the market prices. In such event, the order will be executed at the first available price, irrespective of the direction of the slippage, either to the client's favor or not, in a symmetrical and transparent manner (Symmetrical Slippage).

It is important to note that Slippage does not affect the Negative Balance Protection and therefore the Client will never lose more than the amount invested (including any profit, if gained), even if a slippage occurs. In addition, transactions in some currencies (e.g. RUB) or other instruments (e.g. shares, ETFs and indices) which are not traded on a 24 hours basis, may experience a market gap on a daily basis and are therefore more susceptible to slippage.

In accordance with clause 10.6.3 hereto, the Company, at its sole discretion, may set an Expiry Date for different Financial Instruments on the Trading Platform. The Client hereby authorizes the Company to automatically close any open Transactions with respect to such Financial Instrument/s at the date and time specified on the Expiry Date and at the price/s quoted on the Trading Platform.

Without prejudice to any other provisions herein, the Client acknowledges that the Company shall have the right, at its sole discretion, at any time and for any reason and without giving any notice or explanation to: refuse, reverse, suspend, freeze, limit the size and/or close any Order, Position or Transaction, including without limitation in the following cases:

- (a) In case of Force-Majeure, hacker attacks and other illegal actions against the Trading Platform or any of the Company's systems, or in the event of a suspension of trade in the Financial Markets or Underlying Asset relevant to the Financial Instruments of the Company.
- (b) 2 (two) minutes before and after a critical news release (e.g. breaking news events and economic indicators announcements).
- (c) Whenever the Company deems at its sole discretion that the execution of the Order aims at or may aim at manipulating the market of the Financial Instruments; constitutes an abusive exploitation of privileged confidential information (including insider trading); contributes to the legalization of proceeds from illegal acts or activities (money laundering) or affects or may affect in any manner the reliability or smooth operation of the Trading Platform.
- (d) The Company considers that there are abnormal trading conditions. The Client acknowledges that the trading of certain Financial Instruments on the Trading Platform may become volatile very quickly and without prior warning. Due to the high degree of risk involved in trading volatile Financial Instruments, the Client acknowledges and agrees that the Company reserve the right to close any or all open Transactions with respect to any Financial Instruments that the Company, acting reasonably, determines to be volatile, at the price quoted on the Trading Platform at any such time and without prior notice.
- (e) Whenever the Order concerns the purchase of any Financial Instrument but there are no available cleared funds deposited with the Company or in the Bank Account to pay the purchase price of the relevant Financial Instrument and all the charges relating to the said Trading Platform. In calculating the said available funds, all funds required to meet any of the Client's obligations include, but without limitation, obligations which may arise from the possible

execution of other previously registered purchase Orders, which will be deducted from the cleared funds deposited with the Company or in the Bank Account.

- (f) Whenever there are no available cleared funds deposited in the Account to pay all the charges and required margin relating to the said Order.
- (g) There is absence of an essential detail of the Order.
- (h) It is impossible to proceed with an Order regarding the size or price.
- (i) The Order has more than one interpretation or is unclear.
- (j) This Agreement was duly terminated by either of the Parties.
- (k) If any doubt arises whatsoever as to the genuineness of the Order.
- (l) If the Company suspects that the Client is in a breach of its warranties and representations detailed in Section 7 above.
- (m) If the Order precedes the first quote on the Trading Platform on the Market Opening.
- (n) In consequence of request of regulatory or supervisory authorities of the BVI or any other applicable jurisdiction or a court order.
- (o) The Transaction size is less than the minimum Transaction size, or greater than the maximum Transaction size, as indicated in the Trading Conditions, the Client's net exposure in the Account or its Accounts or related Accounts in aggregate exceeds USD 15,000,000, or such amount as may be determined by the Company from time to time at its sole discretion; or the Client's net exposure in a specific Financial Instrument or CFD exceeds the amount as may be determined by the Company from time to time at its sole discretion.
- (p) A quote is not obtained from the Company or the quote obtained by the Company is an Invalid Price.
- (q) If the execution of the Order will increase the Client's exposure above the maximum level of exposure permitted by the Company, as may be determined by the Company from time to time at its sole discretion.
- (r) Internet connection or communications are disrupted.
- (s) In an Event of Default of the Client.
- (t) If the value of the Client's Margin falls below the minimum Margin requirement as defined in Website and/or if the Client has a zero, or negative Balance on any Account.

The Company is not obliged to give reasons or notice as to the reasons for refuse, reverse, suspend, freeze, or close, or cancelling Orders or instructions prior to doing so or after. Moreover, in the event that the Company does decide to suspend or cancel an instruction or Order, such cancellation will not affect any obligation which the Client may have towards the Company or any right which the Company may have against the Client or his assets.

General Trading Conditions

The Company shall receive, execute and transmit all Orders strictly in accordance with the Trading Conditions and in accordance with its Order Execution Policy. The Company will have no responsibility for checking the accuracy or the logic of any Order.

Trading benefits are granted at the Company's sole discretion and are subject to the Bonus Terms and Conditions available in the Trading Conditions page in the Website.

The Client is responsible to any loss, damage, claim or expense incurred by the Company for following or attempting to follow any of the Orders and shall indemnify the Company, its officers, directors and employees for any such loss, damage, claim or expense.

Upon closing a CFD Transaction, and subject to any applicable adjustments for interest and dividends in accordance with this Agreement:

The Company will pay the Client the difference between the price in which the Transaction was opened and the price in which the Transaction was closed, multiplied by the number of units of the Underlying Asset that comprise the Transaction if the Transaction is:

- (a) a long Transaction and the Transaction's closing price is higher than its opening price;
or
- (b) a short Transaction and the Transaction's closing price is lower than its opening price;
and

The Client will pay the Company the difference between the price in which the Transaction was opened and the price in which the Transaction was closed, multiplied by the number of units of the Underlying Asset that comprise the Transaction if the Transaction is:

- (a) a long Transaction and the Transaction's closing price is lower than its opening price;
or
- (b) a short Transaction and the Transaction's closing price is higher than its opening price.

10.5.5 Upon the closing of a Position, the Company shall convert the realized profit or loss into the Client's Account base currency at Company's prevailing currency exchange Bid or Ask Prices at the time of such closing.

Rollovers And Expiration

Rollovers – Future Contracts CFDs

CFDs whose Underlying Assets are future contracts are traded in conjunction with the periods in which the underlying future contract is traded, provided however that the Company may set a value date for each future contract CFD which is earlier to the actual expiration date of the underlying future contract. All open future contract CFDs Positions which are not closed before reaching their value date are rolled over by the Company to the next contract's value date, so that the Positions remain open. Upon effectuating such rollover, the Position's open P/L will express the price difference between the expired, as well as include a mark-up spread, and all associated Limit Orders shall be adjusted to the new future contract. During such rollover, the Company may utilize higher Margin Requirements. The value date for each future contract CFD, as well as the Margin Requirements, can be found in the Trading Conditions page on the Website.

The Client acknowledges that it is the Client's responsibility to make itself aware of adjustments, costs and Margin Requirements that apply during Contract Rollovers. Such information is available in the Trading Conditions page on the Website. The Client hereby irrevocably authorizes the Company to debit or credit its balance or Position in accordance with the above terms.

Expiration – Financial Instrument – General

The Company may - at its sole and absolute discretion - set an Expiry Date for different Financial Instruments, which will be displayed on the Trading Platform in the details of each specific Financial Instrument. If the Client does not close an open Transaction that has an Expiry Date and time, prior to such Expiry Date and time, the Transaction shall automatically close upon the Expiry Date and time, at the last price quoted on the Trading Platform immediately prior to the applicable Expiry Date and time. The Client acknowledges that it is the client's sole responsibility at all times to make themselves aware of the Expiry Date and time per each specific Financial Instrument.

Expirations – Share CFDs

CFDs whose Underlying Assets are Shares (“**Share CFD**”) are traded in conjunction with the times in which the underlying share is traded. Without derogating the provisions of this Agreement, Share CFD Transactions are terminated by the Company upon the occurrence of the events set out in Sections 10.7.1 – 10.7.4 hereunder. In such event, the settlement price shall be the last traded price at or prior to the time of termination.

Market Suspension And Delisting; Insolvency; Corporate Actions; Dividends

Suspension

If at any time trading on a relevant Financial Market or trading in a certain Underlying Asset is suspended, the Company shall suspend the trading in the CFD Transactions based on such Underlying Asset and calculate the value of the CFD with reference to the last traded price before the time of suspension, as reasonably determined by the Company. In the event that the aforesaid suspension continues for five Business Days, the Company may decide, at its sole and absolute discretion, a Closing Time and price of the relevant CFD. During the term of a CFD Transaction whose market is suspended, the Company shall have the right to terminate the CFD Transaction at its discretion, and to amend or vary the requirements.

Trading Termination

If an Underlying Asset has ceased (or will cease) to be listed, traded or publicly quoted for any reason and is not immediately re-listed, re-traded or re-quoted on the relevant Financial Market or quotation system (including in the event of any insolvency of a company whose shares constitute an Underlying Asset), the Closing Time of the relevant CFD shall be a reasonable time prior to such time in which the Underlying Asset will cease to be listed, traded or publicly quoted and the Company shall close all the relevant Transactions at the Closing Time.

Insolvency

If a company, whose shares form the CFD's Underlying Asset goes into insolvency or is otherwise dissolved, the Company shall close any open Position in the CFD and cancel all Limit Orders relevant to such Underlying Asset. The closing date shall be the date of insolvency.

Corporate Actions

If an Underlying Asset is subject to a Corporate Action, the Company shall set a Closing Time which shall be prior (if possible) to the Corporate Action's time and close all the relevant Transactions at the Closing Time. The Company further reserves the right, at its sole discretion, to determine the appropriate adjustment to be made to the Transactions' price or quantity as it considers appropriate to account for the diluting or concentrating effect of the Corporate Action. The Company's specific

trading rules with respect to Corporate Action as well as any known future Corporate Actions are included in the Trading Conditions and presented on the Website.

Dividends

In the event of a distribution of cash dividends in relation to a share CFD, a dividend adjustment will be made to the Client's Balance with respect to the underlying share's Positions held by the Client at the end of business day which precedes the ex-dividend date. The dividend adjustment shall be calculated by the Company, based on the size of the dividend, the size of the Client's position, taxation (if applicable) and whether it is a buy or a sell Transaction, whereby in long Positions the adjustment shall be credited to the Client's Balance and in short positions the adjustment shall be debited from the Client's Balance. Dividends shall be credited or debited from the Client's Balance outside the underlying share's trading hours and before the opening of the share's next trading day, and are contingent upon the Client holding its respective Position at the time of the dividend adjustment. During this period, in order to keep the fair value of the Client's Equity until the opening of the next trading day, the Company shall adjust the Client's Position in accordance with the dividend amount debited or credited from the Client's Balance.

It is the Client's obligation and responsibility to ensure that it is fully aware of the Corporate Actions or other events related to any Underlying Asset on which its Transactions are based. The Client acknowledges and agrees that not all Corporate Action can be known in advance.

The Company reserves at its sole discretion the right not to execute the Order, or to change the opening (or closing as the case may be) price of the Order or Transaction as detailed in the Company's Order Execution Policy or to close any or all Positions or to modify the Margin requirements, or to modify the trading hours of certain Financial Instruments or CFDs, in case of a technical failure in the Trading Platform, the quotes feed, other technical failures, and in the event of Force Majeure.

The Company may establish cut-off times for instructions or Orders which may be earlier than the times established by the particular Financial Market or clearing house involved in any Transaction and the Client shall have no claims against the Company arising out of the fact that an Order was not placed by the Client ahead of our cut-off time.

It is the Client's responsibility to be aware of its Positions at all times. The Company is under no obligation, unless otherwise agreed in this Agreement, to monitor or inform the Client on the status of any Transaction or to close out any Client's Positions. When the Company decides to do so, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue.

The detailed trading requirements, conditions, and specifications for each Financial Instruments are detailed in the Trading Conditions. The Company shall have the right to change the Trading Conditions at any time. The Client agrees to check the full specifications of the Transaction before placing any Order.

11. Settlement Of Transactions

The Company shall proceed to a settlement of all Transactions upon execution of such Transactions.

In the case where the Client is able to have an online Account Statement on a continuous basis, then the Company is considered as having fulfilled its obligations under Section 11.1 and any objections of the Client

shall be valid only if received by the Company in writing within two (2) Working Days from the Transaction under objection.

12. Margin Requirements

The Margin requirements for different types of Financial Instruments are displayed on the Trading Conditions. However, the Company reserves the right at its sole discretion to determine specific Margin requirements for individual Position, as required.

The Company's Margin requirement shall apply throughout the term of this Agreement. It is the Client's responsibility continuously to ensure that sufficient Margin is available on the Account at any time. If, at any time during the term of this Agreement, the Margin available on the Account is insufficient to cover the Margin requirement, the Client is obliged to reduce the volume and/or amount of Position(s) or transfer adequate funds to the Account. Even if the Client takes steps to reduce the volume and/or amount of its Position(s) or to transfer sufficient funds to, the Company may close one, several or all of the Client's Position or part of them at its sole discretion without assuming any responsibility towards the Client for such action.

If the Client has opened more than one Account, the Company is entitled to transfer money from one Account to another, even if such transfer will necessitate the closing of Position(s) or other trades on the Account from which the transfer takes place.

The Client is specifically made aware that the Margin requirements are subject to change without notice. The Client acknowledges that the Company will not monitor the Margin requirements on a continuous basis, and the Company shall not inform the Client of the amount of any Margin required under this Agreement.

In addition and without prejudice to any rights to which the Company may be entitled under this Agreement or any Laws and Regulations or any other applicable laws and regulations, the Company shall have a general lien on all Margin or funds held by the Company on the Client's behalf until the satisfaction of all Client's obligations.

Upon the Account's Equity (including any outstanding Extra Margin) reaching zero, as calculated by the Company, the Company will automatically close all Client's Positions, at the price then offered by the Company. It is the Company's policy that the Client's Equity in the Account will never fall below zero. In the event that a Position is closed at such price causing the Equity to fall below zero due to price gaps, the Company shall waive its right to receive the balance from the Client ("**Negative Balance Protection**").

13. Fees & Costs

General

The Company is entitled to receive fees, commissions, and other remunerations from the Client for the Services, as well as compensation for the expenses it will incur for the obligations it will undertake during the execution of the Services in accordance with the terms of this Agreement. The Client hereby irrevocably authorizes the Company to debit or credit its trading account with all fees, commissions and costs set out herein.

The Client warrants, represents and undertakes that it is solely responsible for recording, paying and accounting to any relevant governmental, taxation or other authority for any tax, stamp duty, expenses or other levy that may be payable on any amounts paid to the Client. Notwithstanding the foregoing, and without derogating from the Client's sole and entire responsibility to perform tax payments, stamp expenses or pay other levy, the Client shall pay the Company, immediately when

so requested by the latter, and the Company is entitled to debit the Account with any value added tax or any other tax, contribution, levy, stamp duty, expense or charge which may be payable as a result of any Transaction or any act or action of the Company under this Agreement (except for taxes payable by the Company in relation to the Company's income or profits).

In case the Client fails to pay any amount by the date on which the said amount is payable, the Company shall be entitled to debit the Account with the said amount or liquidate in the name of the Client any of the Client's Financial Instruments in view of covering the aforementioned amount.

By accepting this Agreement, the Client confirms that it had read and understood and accepted the information stated in this Agreement and/or found on the Website, in which all related commissions, costs, charges and financing fees are explained. The Company reserves the right to amend at its sole discretion all such commissions, costs, charges and financing fees, by informing the client of any material change relating to such commissions, costs, charges and financing fees, via the Website at the [News and Updates](#) section where such changes will be available continuously for the period of seven days. The Client specifically consents to the provision of such information through the Website as described in this paragraph.

Overnight Financing

CFDs are subject to a daily credit or debit of interest adjustments (depending on the Position held by the Client – Long/Short) calculated on the basis of the relevant Inter-Bank interest rate of the currencies/currency in which the underlying asset is traded and may also include a mark-up spread (“**Overnight Financing**”). For information about future contracts based CFDs rollover see sections 10.6.1.

Dormant Fee

Accounts in which there have been no trading activity for a period of twelve (12) consecutive months will be considered by the Company as inactive. Inactive accounts are charged with a quarterly maintenance fee of US\$15 or the account's entire Equity if the Equity is less than US\$15. The first maintenance fee will be charged at the beginning of the calendar quarter which follows the classification of the account as inactive and any further maintenance fee shall be charged upon each calendar quarter (3 months) thereafter, provided that the account will remain to be classified as inactive. There will be no charge if the account's Equity reaches zero.

Wire Transfer Fee

Withdrawals made through wire transfer are subject to a transfer fee of up to US\$20.

14. Company Liability
